In this book: Donna Dickenson - Winner of the International Spinoza Lens Award Should we do what ever science lets us do?Bioethics: All That Matters, new developments in biotechnology like genetics, stem cell research and artificial reproduction arouse both our greatest hopes and our greatest fears. Many people invest the new biotechnology with all the aspirations and faith once accorded to religious salvation. But does everyone benefit equally from scientific progress? Commercialised modern biomedicine runs the risk of exploiting vulnerable groups, from Indian 'surrogate' mothers to professional guinea pigs in drug research. Professor Dickenson argues that although we've entered new scientific territory, there's no need to jettison our existing moral sense. By discussing a range of real-life cases, she equips readers to make up their own minds on these important and controversial questions. Good science and good ethics needn't be contradictory. This accessible and concise book will appeal to both students and general readers, giving a fascinating introduction to a wide range of perspectives on Bioethics. All That Matters books: All books in the All That Matters series are written by world experts in their subject field. These experts work to distil a topic and get right to its heart, making the book accessible for both students and general readers. Each compelling book contains new and interesting perspectives and tells stories that matter. The Author: All That Matters - Interesting introductions to important issues Books on the following subjects are available from the All That Matters series: Muhammad, God, Water, Political Philosophy, Sustainability, Philosophy, Intelligence, Love, Russian Revolution, War, and Creativity.To find out more visit:

There's never been a better time, or a more urgent time, to start doing the things you want to do. Perhaps you feel your career is stuck in a rut – or maybe you're in the wrong job altogether. Or maybe you have a great business idea but something is stopping you from actually getting started. You may already be running a business but struggling to get to it to where you want it to be. Or perhaps you just want to be more successful in general – without knowing exactly what your vision of success is - yet! If you want to do something but secretly fear you're never going to do it, whatever that might be, then this will help you. Stop Talking, Start Doing is a short, clear and cleverly illustrated book that will inspire you to take action. Whatever you want to achieve, this is the kick in the pants you need to get to where you truly want to be. It's great that you know you can do more, but just thinking about it, won't make it happen. It's doing that makes the difference. DO IT. If you've got something you want to do... now is a good time to start.

Oh man! I'm finished!? I accidently did something at school! And 'Bob' is REALLY angry with me. You don't know who Bob is! He's the worst thug in school... no, wait. Make that in the whole world! Ustaz said, a Muslim's weapon is DU'A. That's why I must fight Bob using du'a. (I'm not going to survive a fist fight against him, NO WAY). The PROBLEM is, I only memorise the du'a before meals. Oh man! WHAT SHOULD I DO?

As web-enabled mobile technologies become increasingly integrated into formal learning environments, the fields of education and ICT (information and communication technology) are merging to create a new kind of classroom: *CrossActionSpaces*. Grounding its exploration of these co-located communication spaces in global empirical research, *Digital Didactical Designs* facilitates the development of teachers into collaborative designers and evaluators of technology-driven teaching and learning experiences—learning through reflective making. The Digital Didactical Design model promotes deep learning expeditions with a framework that encourages teachers and researchers to study, explore, and analyze the applied designs-in-practice. The book presents critical views of contemporary education, theories of socio-technical systems and behavior patterns, and concludes with a look into the conceptual and practical prototypes that might emerge in schools and universities in the near future.

A charming collection of quirky insights into Japanese culture. *The Magic of Japan* is writer Hector Garcia's intensely personal account of his fifteen years in Japan. A self-professed "otaku" or Japanese anime geek since childhood, Garcia has worked for a Japanese software company, mastered the language, and become one of Japan's most popular bloggers. This book is the culmination of his experiences and showcases Garcia's unique ability to delve beneath the surface of Japanese culture to describe its quirky and deep spiritual underpinnings. This collection of essays and beautiful photographs will appeal to his worldwide fan base—including those who devoured his previous bestsellers, *A Geek in Japan* and *Ikigai: The Japanese Secret to a Long and Happy Life*—Japanophiles, armchair travelers and anyone with an interest in cultural and travel memoirs. *The Magic of Japan* features Garcia's keen observations on a wide variety of cultural topics: Japanese behavioral traits, including non-verbal communication, hansei (self-reflection), heijoshin (a calm mind) and shoshin (childlike openness) How Japan's geography and history have shaped its culture—its natural disasters, scarce resources, centuries of isolation and its feudal past Japanese idiosyncrasies, ranging from food traditions and absurd jobs to a love of queues The Japanese spirit, as evidenced in traditional art, manga and attitudes to women Shintoism and Buddhism, looking at temples, festivals, rituals and how religious beliefs pervade popular culture, as seen for example in Studio Ghibli's movie *Spirited Away* Japan's dark side, including crime, the yakuza, adultery, bullying and suicide The book ends with a gloriously random selection of all things Garcia considers especially magical about Japan—from izakaya to shiitake mushrooms, summer fireworks and green tea!

What is faith, except hope in desperation? All Putera Mikal wants is to gain the Amok Strength, the supernatural power granted by Kudus to the Mahan royal family. No matter how religiously Mikal keeps his vows, Kudus still denies him the Strength—whilst his father, Sultan Simson, flaunts the Strength despite his blatant defiance of the Temple and the priests' visions of coming doom.

Then the prophecies come true. Taken captive, Mikal must find a way to liberate his people and restore his throne in Maha—and the key to this is the Amok Strength. But what does it take to gain Kudus' favour?
