"The greatest female artist of the 20th century" – Elton John This first-ever biography of Nina Simone caused quite a stir among reviewers. "A chastening read", said the Sunday Times; "Simone's story is as harrowing as it is remarkable", said the Yorkshire Post. No-one was quite prepared for the life story of the singer of such enduringly uplifting classics as "My Baby Just Cares for Me" turning out to be such a chilling litany of mental disorder, vile temper, terrible abuse at the hands of bad men, and a self-destructively hostile attitude all too often to the acolytes who came to see her perform. Brun-Lambert shows how Simone saw herself as a lifelong victim of racism, right from being turned down by the prestigious music school that would have enabled her to become a classical musician. Undiagnosed bipolar disorder, he argues, added to her torment. But it was her unforgettable voice, and, at best, her utterly magnetic performances, that kept people coming to a sold-out Ronnie Scott's every time she was in residency, and the way she sang her hardest songs like "Mississippi Goddam" with such fire and fury that they became anthems of political change, and means so many people can only be curious about the real life of the mercurial woman behind the piano. David Brun-Lambert is a highly regarded French writer and broadcaster.

Soul of a Citizen awakens within us the desire and the ability to make our voices heard and our actions count. We can lead lives worthy of our convictions. A book of inspiration and integrity, Soul of a Citizen is an antidote to the twin scourges of modern life--powerlessness and cynicism. In his evocative style, Paul Loeb tells moving stories of ordinary Americans who have found unexpected fulfillment in social involvement. Through their example and Loeb's own wise and powerful lessons, we are compelled to move from passivity to participation. The reward of our action, we learn, is nothing less than a sense of connection and purpose not found in a purely personal life. Soul of a Citizen has become the handbook for budding social activists, veteran organizers, and anybody who wants to make a change—big or small—in the world around them. At this critical historical time, Paul Loeb's completely revised edition—and inspiring message—is more urgently important than ever.

A legendary record producer and performer takes readers on an alphabetical journey of insights into the music of the Beatles and individual reminiscences of John, Paul, George, and Ringo. Peter Asher met the Beatles in the spring of 1963, the start of a lifelong association with the band and its members. He had a front-row seat as they elevated pop music into an art form, and he was present at the creation of some of the most iconic music of our times. Asher is also a talented musician in his own right, with a great ear for what was new and fresh. Once, when Paul McCartney wrote a song that John Lennon didn't think was right for the

Beatles, Asher asked if he could record it. "A World Without Love" became a global No. 1 hit for his duo, Peter & Gordon. A few years later Asher was asked by Paul McCartney to help start Apple Records; the first artist Asher discovered and signed up was a young American singer-songwriter named James Taylor. Before long he would be not only managing and producing Taylor but also (having left Apple and moved to Los Angeles) working with Linda Ronstadt, Neil Diamond, Robin Williams, Joni Mitchell, and Cher, among others. The Beatles from A to Zed grows out of his popular radio program "From Me to You" on SiriusXM's The Beatles Channel, where he shares memories and insights about the Fab Four and their music. Here he weaves his reflections into a whimsical alphabetical journey that focuses not only on songs whose titles start with each letter, but also on recurrent themes in the Beatles' music, the instruments they played, the innovations they pioneered, the artists who influenced them, the key people in their lives, and the cultural events of the time. Few can match Peter Asher for his fresh and personal perspective on the Beatles. And no one is a more congenial and entertaining guide to their music.

In *Decolonizing Extinction* Juno Salazar Parreñas ethnographically traces the ways in which colonialism, decolonization, and indigeneity shape relations that form more-than-human worlds at orangutan rehabilitation centers on Borneo. Parreñas tells the interweaving stories of wildlife workers and the centers' endangered animals while demonstrating the inseparability of risk and futurity from orangutan care. Drawing on anthropology, primatology, Southeast Asian history, gender studies, queer theory, and science and technology studies, Parreñas suggests that examining workers' care for these semi-wild apes can serve as a basis for cultivating mutual but unequal vulnerability in an era of annihilation. Only by considering rehabilitation from perspectives thus far ignored, Parreñas contends, could conservation biology turn away from ultimately violent investments in population growth and embrace a feminist sense of welfare, even if it means experiencing loss and pain.

A New York Times Notable Book of 2011 A Publisher's Weekly Top 10 Book of 2011 A Kirkus Reviews Top 25 Best Fiction of 2011 Title One of Library Journal's Best Books of 2011 A Salon Best Fiction of 2011 title One of The Telegraph's Best Fiction Books of the Year 2011 It's the early 1980s—the country is in a deep recession, and life after college is harder than ever. In the cafés on College Hill, the wisened-up kids are inhaling Derrida and listening to Talking Heads. But Madeleine Hanna, dutiful English major, is writing her senior thesis on Jane Austen and George Eliot, purveyors of the marriage plot that lies at the heart of the greatest English novels. As Madeleine tries to understand why "it became laughable to read writers like Cheever and Updike, who wrote about the suburbia Madeleine and most of her friends had grown up in, in favor of reading the Marquis de Sade, who wrote about deflowering virgins in eighteenth-century France," real life, in the form of two very different guys, intervenes. Leonard Bankhead—charismatic loner, college Darwinist, and lost Portland boy—suddenly turns up in a semiotics seminar, and soon Madeleine finds herself in a highly charged erotic and intellectual relationship with him. At the same time, her old

"friend" Mitchell Grammaticus—who's been reading Christian mysticism and generally acting strange—resurfaces, obsessed with the idea that Madeleine is destined to be his mate. Over the next year, as the members of the triangle in this amazing, spellbinding novel graduate from college and enter the real world, events force them to reevaluate everything they learned in school. Leonard and Madeleine move to a biology Laboratory on Cape Cod, but can't escape the secret responsible for Leonard's seemingly inexhaustible energy and plunging moods. And Mitchell, traveling around the world to get Madeleine out of his mind, finds himself face-to-face with ultimate questions about the meaning of life, the existence of God, and the true nature of love. Are the great love stories of the nineteenth century dead? Or can there be a new story, written for today and alive to the realities of feminism, sexual freedom, prenups, and divorce? With devastating wit and an abiding understanding of and affection for his characters, Jeffrey Eugenides revives the motivating energies of the Novel, while creating a story so contemporary and fresh that it reads like the intimate journal of our own lives.

On the morning of 9 February 2014, when Sam Smith woke up and saw the four statuettes he'd taken home from the previous night's Grammy Awards Ceremony, it must have felt like a dream come true. At only twenty-two years old and coming just eight months after the US release of his debut album, In the Lonely Hour, calling Sam Smith's victory an 'overnight success story' seemed wholly appropriate. In fact, Sam had been working towards releasing his own music for over a decade and training his voice for even longer. After falling under the spell of Whitney Houston and Chaka Khan as a child, straining his voice to imitate them and match their incredible vocal ranges, tuition from a local jazz singer and time spent in a local theatre group and youth choir encouraged Sam to pursue singing as a career. But Sam's first attempts to become a professional singer floundered and left him disillusioned and jaded. By the time he turned eighteen, Sam had seen six different managers come and go, he'd recorded a whole album's worth of songs which were never released and he was beginning to think he'd never get his big break. Then in 2010, giving himself one more year to make it, Sam moved to London. After spending a year working full-time in a bar, a chance encounter with Elvin Smith, a fellow musician turned artist manager, changed Sam's life forever. In just over eighteen months, Sam's voice had featured on a number-one song and he was about to sign his own major label deal. The songs Sam wrote for his

debut album would go on to capture the hearts of a massive international audience. Along the way there were celebrity friendships, number-one records, world tours and the inevitable press speculation about his personal life. In this revealing biography, Joe Allen charts the meteoric rise of Britain's singing sensation. With his multi-platinum debut barely scratching the surface of what we can expect from Sam in the future, the next decade is sure to be as eventful as the last.

The first comprehensive adult biography of the beloved, redheaded "Shape of You" songster, complete with exclusive interviews and all-new research! Grammy-award winner Ed Sheeran strikes chords in millions of listeners worldwide—a feat all the more staggering given that he couldn't even carry a tune until the age of fifteen. At thirteen, then just a guitarist in a school rock band, today's most successful solo star decided he would fly far higher than hometown fame. Within a year, he had recorded an album in his bedroom. Bestselling biographer Sean Smith traces the astonishing journey of the shy little English boy with a stammer who, avoiding flashy showmanship, grew up to become a global phenomenon. With compelling new research and interviews, Smith delivers the story of Sheeran's remarkable parents, who supported their son's dream long before it seemed achievable; the friends and mentors who encouraged his raw talent; and the lovers who inspired his most famous songs. Smith describes the setbacks Sheeran faced before his fortunes were transformed by Elton John's management company, a record deal, and a song that changed everything...with some help from Taylor Swift. Now Sheeran has sold 150 million records worldwide, earned \$432 million touring in 2018 alone, and broke records with his 2018 UK tour—but still made time to play for just 400 people at a charity night to raise money for the homeless last year. As this captivating book reveals, there's no one quite like Ed.
